GENERAL INFORMATION

The decision of the Stewards upon the running and results of a race shall be final so far as betting is concerned when the "Official" sign is posted. Rulings of the Stewards, with regard to the award of purse money, shall in no way affect the mutuel pay-off after the result has been declared official.

No pari-mutuel tickets can be sold after the totalizator machines have been locked. Management is not responsible for any incomplete transactions after the tote machines are locked.

Upon leaving the window after purchasing a ticket, no person shall be entitled to a claim for an incorrect ticket or payment. No refunds or payment on tickets lost, destroyed or mutilated beyond identification.

In the event a foul is claimed by the jockey, trainer, or owner of a horse, the word "OBJECTION" will be posted on the tote board. If the Stewards question the running of a race the word "INQUIRY" will be posted on the tote board.

The Ohio State Racing Commission employs an inspector to ascertain that the proper amounts have been paid from the pari-mutuel pools.

Patrons are cautioned to hold all Tote Tickets UNTIL AFTER THE RESULT OF THE RACE HAS BEEN DECLARED OFFICIAL. Payment shall be made only on surrender of a valid ticket or a substantial portion thereof.

No messengers are employed by RIVER DOWNS and no one is authorized by RIVER DOWNS to act for any patron in connection with the purchase or cashing of any mutuel tickets.

While every effort is made to avoid mistakes in the program, RIVER DOWNS assumes no liability to anyone for errors.

Every person who receives \$600 or more in gambling winnings, if such winnings are at least 300 times the amount of a single wager, must have an Internal Revenue Service form filled out reporting same. Federal Income Tax must be withheld at the rate of 20% on any payment of winnings more than \$1,000 (if at least 300 times the amount of the single wager) after the amount of the single wager has been subtracted. The person presenting the ticket must, under penalties of perjury, fill out IRS Form 5754 before the ticket is cashed.

PICK SIX

PICK SIX Races start with the third race each afternoon and continue through the eighth race.

The object of the PICK SIX is to correctly select the winners of Races 3 through 8. 75% of today's Pick Six Pool PLUS the PICK SIX Carryover jackpot will be equally divided among the ticket holders who have successfully selected all six winners. 25% of today's Pick Six Pool will be equally divided among ticket holders who have selected the most winners, less than six.

If no one picks the winners of all six races, 75% of the current afternoon's net pool will be added to any PICK SIX carryover jackpot and the other 25% of that day's pool will make up the consolation payoff and will be distributed to the patrons who selected the most winners of the PICK SIX Races. So, hold your PICK SIX tickets until after the 8th race is official, you might be entitled to a consolation payoff.

SCRATCHED HORSES

If a horse is scratched after the PICK SIX windows have been closed, the betting favorite determined by the money wagered in the win pool, will be substituted for the scratched horse.

Complete PICK SIX Rules are available at information centers.

TWIN TRIFECTA

The object of the TWIN TRIFECTA is to correctly pick the trifecta in the 6th and 8th races.

For each \$2.00 you wagered on the winning trifecta combination in the 6th race you will be entitled to:

1. Share in a payoff from 50% of that day's net TWIN TRIFECTA pool; and
2. Make a single trifecta selection (at no cost) in the 8th race. (If you fail to make the selection you will still be entitled to receive a share in the pay-off from the 6th race.)

If no one wins both halves of the TWIN TRIFECTA, the remaining 50% of that day's net TWIN TRIFECTA pool will be carried forward and added to the next day's Jackpot. The Jackpot will continue to grow until someone correctly selects both halves of the TWIN TRIFECTA.

The more winning tickets you have in the 6th race, the more chances you'll have to win the TWIN TRIFECTA JACKPOT.

BETTING THE DAILY DOUBLE, QUINELLA AND EXACTA

REGULAR DAILY DOUBLE—Minimum bet \$2

Tell the clerk: "\$2 Daily Double on 2 and 4." You win if No. 2 wins the first race and No. 4 wins the second race.

DAILY DOUBLE Wheel and Partial Wheel—\$2 minimum bet per combination. In a Daily Double Wheel, you select one horse in the first race with all horses in the second race, or one horse in the second race with all horses in the first race.

EXAMPLE: To wheel No. 6 in the first race to all horses in the second, tell the clerk: "S2 Daily Double 6 and ALL."

You may bet a partial wheel or more than one horse in either the first or second races with one or more horses in the other race.

EXAMPLE: To bet No. 3, No. 8 and No. 7 in the first race with No. 3, No. 8 and No. 4 in the second race, tell the clerk: "S2 Daily Double Partial Wheel 3, 5 and 7 with 3, 8 and 4." The cost of this ticket is \$18 (9 combinations).

REGULAR EXACTA—Minimum bet \$2

Tell the clerk: "\$2 Exacta on 9—2."

EXACTA BOX—\$2.00 minimum bet, \$4.00 total minimum total cost. The following examples are for a \$2.00 Exacta Box: 2 horse box (2 combinations) - Cost \$4. 3 horse box (6 combinations) - Cost \$12. 4 horse box (12 combinations) - Cost \$24. 5 horse box (20 combinations) - Cost \$40.

EXACTA WHEEL AND PARTIAL WHEEL—In an exacta wheel you select one horse to win or run second with all other horses in the race. In an exacta partial wheel you select 2 or more horses to finish first or second and one or more horses to finish in the other position.

TRIFECTA WAGERING

STRAIGHT TRIFECTA—\$2.00 minimum bet

Pick the first three horses in the exact order of official finish.

EXAMPLE: To purchase the trifecta tell clerk: "S2 Trifecta on 8—2—6."

You win only if the official finish is 8—2—6.

TRIFECTA BOX—\$1.00 minimum bet per combination—\$6.00 minimum total cost. You may now box 3 or more horses on a single ticket and wager \$1 (or more) on each combination. The following examples are for a \$1 TRIFECTA BOX:

3 horse box (6 combinations)—Cost \$ 6

4 horse box (24 combinations)—Cost \$ 24

5 horse box (60 combinations)—Cost \$ 60

6 horse box (120 combinations)—Cost \$120

7 horse box (210 combinations)—Cost \$210

EXAMPLE: To purchase a \$1 Trifecta Box tell the clerk: "S1 Trifecta Box 11—2—3—4" The Total cost is \$24 and you win if any three of the horses picked finish 1st, 2nd or 3rd.

CAUTION: The OLD \$6 Trifecta box was actually a combination bet containing six \$1 bets. If you want to make a wager similar to the old \$6 box you must tell the clerk: "S1 Trifecta Box on ... (three horses)." If you tell the clerk "S6 Trifecta Box on ... (three horses)" you will have purchased a ticket costing \$36.

TRIFECTA KEY ENTRY—\$1 minimum bet per combination—\$6 minimum total cost. It is now possible to make a trifecta Key Entry Wager. The Key Entry Wager requires the Key horse to finish FIRST with any combination of three or more horses finishing second and third. For example, if your Key horse is No. 5 and your other horses are Nos. 2, 9 and 7, you will win if No. 5 finishes first and two of your other three horses finish second and third.

EXAMPLE: To make the bet, tell the clerk: "S1 Trifecta Key 5 on top of 2, 7 and 9," and the ticket will cost \$6. If 4 horses were coupled with the Key horse the cost would have been \$12, etc.

TRIFECTA FULL WHEEL—\$1 minimum per combination.

As in the past you may select one or two horses to finish in a given position and combine your selection with all possible combinations. The number of combinations will vary according to the total number of horses in the race.

EXAMPLE NO. 1: If you pick No. 7 to finish third in a 12-horse field and want to have \$1 per combination, tell the clerk: "S1 Trifecta ALL—ALL—7." The total cost of the ticket is \$110.

EXAMPLE NO. 2: If you pick No. 9 to win and No. 3 to finish third in a 12-hour field and want to bet \$1 per combination, tell the clerk: "S1 Trifecta 9—ALL—3." The total cost of the ticket is \$10.

Number of horses in race: 8 9 10 11 12
Cost of one horse wheel (Example No. 1) \$42 \$56 \$72 \$90 \$110
Cost of two horse wheel (Example No. 2) \$ 6 \$ 7 \$ 8 \$ 9 \$ 10

In order to win your designated horse(s) must finish in the position(s) selected.

TRIFECTA PARTIAL WHEEL—\$1 minimum bet per combination—\$6 minimum total cost. It is now possible to make a trifecta wager coupling one or more horses to finish 1st, 2nd and 3rd.

EXAMPLE: You want No. 5 and No. 8 in the win position, No. 2, No. 10 and No. 12 in the place position and No. 1 and No. 6 in the show position. To bet \$1 on each combination, tell the clerk: "S1 Trifecta Partial Wheel 5 and 8 with 2, 10 and 12 with 1 and 6."

There are 12 possible combinations in the bet for a cost of \$12. To win the 5 or 8 must finish first, the 2, 10 or 12 must finish second and the 1 or 6 must finish third.

Payouts under \$10,000 for the \$2 straight trifecta will be displayed on the tote board.
